- Familiar with Microsoft Office such as Word, PowerPoint, and Excel
- Familiar with UI/UX design using Figma.

SOFT SKILLS

- Discipline
- Willingness to Learn
- Time Management
- Teamwork

LANGUAGE

- Indonesian (Native)
 - English (Intermediate)
-

EDUCATION

INFORMATICS ENGINEERING

Jenderal Achmad Yani University | Sept 2019 - Sept 2023

Bachelor's degree

- Experienced in writing software development documents, including Software Design Document (SDD) and Software Requirement Specification (SRS).
 - Created a smartphone application design project about a game with Figma.
 - Developed a sentiment analysis application using Python and Streamlit. Applied text mining techniques to classify sentiment using multinomial naive bayes and SMOTE oversampling. The use of SMOTE oversampling can improve the classification performance of each unbalanced dataset by 6-20%.
-

EXPERIENCE
